

Informatyka I

Basic course in C programming

...

[Go to course](#)

Informatyka II

Basic numerical methods

Mainly function and ODE integration ...

[Go to course](#)

Informatyka III

Information Technologies

Linux system, bash programming, SQL, cyphering, techniques of parallel programming, TCP/IP communication

[Go to course](#)

C++

Introduction to object oriented programming in c++

...

[Go to course](#)

Python

Usage of scripting language Python for solving engineering problems

...

[Go to course](#)

Metody Numeryczne

Methods for iterative solving of linear and non-linear set of equations

...
